

861 Series Mini Compact Micro Sprinkler

Micro Sprinkler for Greenhouses , Nurseries and Orchards

Modular Components with a Large Selection of nozzles

The 861 mini compact micro sprinkler presents an advanced and economical solution for orchard irrigation under or between tree canopies by utilizing a simple drive mechanism to achieve stronger spinner propulsion at lower pressures. It has an outstanding water pattern and offers excellent performance with uniform water distribution.

Features

- Unique bridgeless design for a complete 360-degree pattern and interchangeable, modular components with a large selection of nozzles
- Pop-up mechanism protects the micro sprinkler nozzle and spinner from insects; the spinner closes downwards after operation and prevents dirt and insects from entering the sprinkler

Applications

- Used in orchard, greenhouses and nurseries
- Can be used for frost protection and cooling

Benefits

- Small backup filter ensures extra protection and serves as a secondary nozzle, keeping the droplet size even and providing excellent uniformity

861 Series Mini Compact Micro Sprinkler

Micro Sprinkler for Greenhouses , Nurseries and Orchards

Performance and Technical Data

- Flow rate: 5 GPH - 42 GPH (20 l/h - 160 l/h)
- Diameter of coverage: 10' - 28' (3.0 m - 8.5 m)
- Operating pressure: 15 - 30 PSI (1.0 - 2.0 BAR)
- Pattern: 360°
- Trajectory angle: Approximately 12°
- Droplet size: medium
- Filtration requirements: minimum of 120 mesh (130 microns), depending on water quality and concentration of dirt particles
- Material: polyacetal

How to specify

Model	Description
52-861-xx	Mini-compact micro sprinkler head only
52-861-xx-0	Mini-compact micro sprinkler with 1/2" FNPT base
52-861-xx-24	Mini-compact micro sprinkler assembly with 24" micro tubing, barb and 13" stake
52-861-xx-36	Mini-compact micro sprinkler assembly with 36" micro tubing, barb and 13" stake
50-430-0	13" press fit stake
50-156-24	24" micro tubing assembly
50-156-36	36" micro tubing assembly
52-822-0	1/2" FNPT base

Interchangeable Accessories

The 52-861 has a range of accessories for a complete assembly that includes 1/2" male or female bases, 10-32 threads, 24" or 36" of 1/4" micro tubing w/ .160" ID x .270" OD, a 13" plastic stake, and 24" or 36" metal stakes.

Packaging Information

Model	Description	Pack Qty	Box Qty	Box Size	Box Weight
52-861-xx	Mini-compact micro sprinkler head only	100	500	15 x 8 3/8" x 7 5/8"	5 lbs.
52-861-xx-0	Mini-compact micro sprinkler with 1/2" female base	100	500	20" x 7" x 10"	14 lbs.
52-861-xx-24	Complete assembly with 24" (60 cm) micro tubing, barb & 13" stake	1	150	20" x 9" x 11"	18 lbs.
52-861-xx-36	Complete assembly with 36" (90 cm) micro tubing, barb & 13" stake	1	150	21" x 12" x 11"	22 lbs.
